

Change of After School Drop for Special Education Students

In some cases, parents and guardians may need an afternoon drop-off location that is different from their child's morning pick-up location. Parents/guardians of students who receive special education transportation should complete the **Change of After School Drop Form** to request that their child be dropped off in the afternoon at a location other than their home address. Regulations do not require that a student be dropped off after school at any location other than the student's home; approval of these requests is subject to the availability of service in the area. **Based on availability, it takes 10 working days to route an alternate request.**

OPT will make every effort to accommodate these requests provided that the following conditions apply:

- The student must be entitled to and receiving special education transportation.
- The student may be dropped off at only one alternate location within the same week.
- The new drop off location is in the borough of the child's home **or** school.

To assist us in reviewing and processing your request, be sure to:

- Print information clearly.
- Enter student ID number.
- Sign the form (parent/guardian or other designated person responsible for the child).
- Have the form notarized.
- Mail or fax to the address listed on the form.

Requests to change after school drop-off locations must be submitted each school year. A separate request must be made for the summer. For students who have a current request on file, OPT mails an Update/Change Form to parents in June for summer service and in July for September service.

For assistance, please contact **OPT Customer Service** at **(718) 392-8855**.

Change of After School Drop for Special Education Students

After school drop locations are a service of the Department of Education beyond the legal mandate to provide your child with door-to-door transportation. Approval of these requests is limited to service within the borough of residence or school and the availability of service in the area.

Based on availability, it takes 10 working days to route an alternate request.
